TRUTH-IN-SAVINGS ACCOUNT DISCLOSURE

Except as specifically described, the following disclosures apply to all the above accounts:

- 1. Rate Information.** The Dividend Rate and Annual Percentage Yield on your accounts as of the last Dividend Declaration Date are set forth above. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for a 365-day period. The Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors.
- 2. Nature of Dividends.** Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. Dividends are not guaranteed.
- 3. Compounding and Crediting.** Dividends will be compounded and credited as set forth above. The Dividend Period for each account is set forth above. The Dividend Period begins on the first calendar day of each month and ends on the last calendar day of each month. If your account is closed before accrued dividends are credited, dividends will not be paid.
- 4. Accrual of Dividends.** Dividends will begin to accrue on cash deposits and non-cash deposits (e.g. checks) no later than the business day we receive credit for the deposit.
- 5. Balance Information.** The minimum balance required to open each account is set forth above. For all accounts, except IRA's, HSA's and Money Market Accounts, dividends and minimum balances are calculated using the Average Daily Balance method. The Average Daily Balance method is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in that period. For IRA's, HSA's & Money Market Accounts, dividends and minimum balances are calculated by the Daily Balance method which applies a daily periodic rate to the principal in the account each day.
- 6. Failure to Maintain Minimum Balance.** If you fail to maintain the minimum balance required to earn the applicable dividend rate and annual percentage yield and avoid fees for any account, then you will not earn the dividend rate and annual percentage yield for the period in which you do not meet this requirement and you will be assessed applicable fees.
